

MAPPING AFRICA CHECKLIST

DUE: THURSDAY, FEB. 22

Please read all instructions carefully.

Before shading and labelling, you will need to draw in South Sudan. You may also need to draw in a few islands if they are listed and you do not see them on your map.

Maps to use Text p. 607, 462, 476, 504 and 522 and your Atlas

General Directions

- All references to Sharpie markers are referring to “Ultra fine-point Sharpies”
- All country & city labels should be written horizontally unless the land mass is long and skinny and there is no place to write it horizontally. You may extend some labels into the ocean if necessary.
- Other labels (rivers, mountains, lakes, etc) may be written slanted since they might cross over several countries. However, do not write letters over letters.
- DO NOT use a key (numbering system) on your map. If there is no room to label a city inside the borders of a country, you may write it nearby and use a ruler to draw a line to the star or dot.
- DO NOT label any items that are not listed.

Countries and Cities

- Shade each country using different colored pencils (do not use brown).
- Label the countries using a black Sharpie.
- Mark each capital city with a red star. You do **not** have to write the name of the city.
- Shade any non-labelled countries in brown.

Southern Africa

Angola (Luanda)
Botswana (Gaborone)
Comoros Islands (Moroni)
Lesotho (Maseru)
Madagascar (Antananarivo)
Malawi (Lilongwe)
Mauritius (Port Louis)

Mozambique (Maputo)
Namibia (Windhoek)
Seychelles (Victoria)
South Africa (Pretoria)
Eswatini (Mbabane)
Zambia (Lusaka)
Zimbabwe (Harare)

Eastern Africa

Djibouti (Djibouti)
Eritrea (Asmara)
Ethiopia (Addis Ababa)
